Rasedul Rahman

Front-End Developer

Dhaka, Bangladesh | +880 1868-381701 | asifshahriar247@gmail.com | **LinkedIn** | **GitHub** | **Portfolio**

Career Objective

Front-End Developer skilled in building secure, full-stack MERN applications with responsive UIs. Focused on writing clean, maintainable code to create scalable products that deliver real user value. Eager to contribute to a collaborative team environment.

Technical Skills

- **Proficient:** HTML5, CSS3, JavaScript, Tailwind CSS, React, Firebase, RESTful API, Responsive Design.
- **Comfortable:** Node.js, Express.js, MongoDB, JWT.
- **Familiar:** NEXT.js, Stripe.
- **Tools & Platforms:** Git/GitHub, Vercel, Netlify, Figma, Cloudinary, Canva.
- **Soft Skills:** Adaptability, Time Management, Curiosity, Active Listening, Responsibility.

Projects

1. ThinkHub - A Developer Forum   **Live** | **Github Client** | **Github Server**

Developed a full-stack MERN forum for developers to share knowledge and troubleshoot code.

Key Features:

- Engineered a secure JWT auth system with HTTP-only cookies and role-based access control (Admin/User).
- Streamlined community moderation by building an admin dashboard for reviewing reported content.
- Engineered a responsive UI with React and Tailwind CSS for an optimal cross-device experience.
- **Tech:** React, Tailwind CSS, Node.js, Express.js, MongoDB, JWT, HTTP-only Cookies, Firebase (Auth).

2. EduLearn - Online Course Management   **Live** | **Github Client** | **Github Server**

A platform for instructors to create courses and for students to enroll and learn.

Key Features:

- Simplified user access by integrating Firebase social logins with a custom JWT backend for protected routes.
- Developed a dynamic course enrollment system with real-time seat management.
- **Tech:** React, Tailwind CSS, Node.js, Express.js, MongoDB, JWT, HTTP-only Cookies, Firebase (Auth).

3. AluWish - An Anonymous Gift Store   **Live** | **Github**

A quirky single-page site for sending anonymous potato gifts with custom messages across Dhaka.

Key Features:

- Designed and built a fully responsive, engaging single-page application with smooth scrolling.
- Managed the full product lifecycle from Figma design to React development and local delivery coordination.
- **Tech:** React, Tailwind CSS, DaisyUI, React-Icons

Education & Courses

- **Bachelor of Arts in History**, Titumir College, Dhaka | Feb 2022 - Present
- **Complete Web Development Bootcamp**, Programming Hero | Jan 2025 - Jul 2025
